26 Plays

can everyone please mute their lines

I went to go see a play with my mom and my aunt. My mom's friends was in the play from Stagelight Productions in the city of Brea. After the play I told my mom I wanted to be in the play too. I want to do this and I knew that I would never want to quit. I always like doing them they're my favorite. I love to sing, dance, and acting.

I have performed in 26 plays and it has been great

I like doing the plays because it is fun. Also I meet friends there too. It is fun to be on stage. Another thing I like about the plays is taking pictures and going in a limo. The plays are lots of work but it is fun to do. There are cute guys in the plays. I am looking forward to the next play.

THE NEVER ENDING STORY

A large scroll-like graphic containing the cast list. The top of the scroll features a scene from the production with several characters, including Peter Pan and the pirates. The title "PETER PAN" is written in a stylized font across the scroll. Below the title, the words "INDIANS", "PIRATES", and "LOST BOYS" are used as section headers for different parts of the cast list. The scroll is set against a background that looks like a parchment map.
